

# Powering Sydney's Future

## POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

### Work update for Rawson Road, Greenacre

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable energy supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at [www.transgrid.com.au/psf](http://www.transgrid.com.au/psf).

As you will probably be aware, TransGrid has completed a number of work activities at Rawson Road, Greenacre. We will return to your street soon to do the remaining work.

#### Remaining work

The work activities outlined below will start from **Monday 19 July 2021** and at times will involve traffic changes as shown on the map overleaf. We expect to work on Rawson Road **until late August 2021** but work will not be continuous during this period.

- **Excavation**  
We will open up the previously constructed cable pulling pit and use CCTV to inspect the conduits we have already installed.
- **Permanent restoration**  
We will permanently restore the traffic island at Pandora Street, the speed hump at Tempe Street, and the Rawson Road and Maiden Street roundabout.

Please note that the road surface will be restored following our work by City of Canterbury Bankstown Council. Residents will be advised by Council (or its contractor) at least 48 hours prior to work starting in Rawson Road.

#### Work hours

Work hours are **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**.

#### How will the work affect you?

- > **At times, there will be traffic changes at the Maiden Street and Rawson Road roundabout as shown on the map overleaf.** Traffic control and signage will be in place to assist road users.
- > Some work activities will be noisy but we will make every effort to keep noise to a minimum.
- > There will be a temporary loss of street parking. We will endeavour to maximise street parking where possible.
- > An alternative route will be provided if any diversions or closures of pedestrian pathways are required.
- > Residents and businesses may experience short delays to access properties.
- > Driveway access will be maintained where possible. If we anticipate that access will be disrupted for an extended period, we will inform you in advance.

## Work activities

All activities will involve:

- > Installing temporary fencing and safety barriers.
- > Delivering plant and equipment to site.
- > Trimming trees to create a safe distance from plant and equipment (directed by a qualified arborist).
- > Using a pump/vacuum truck to remove water as required.

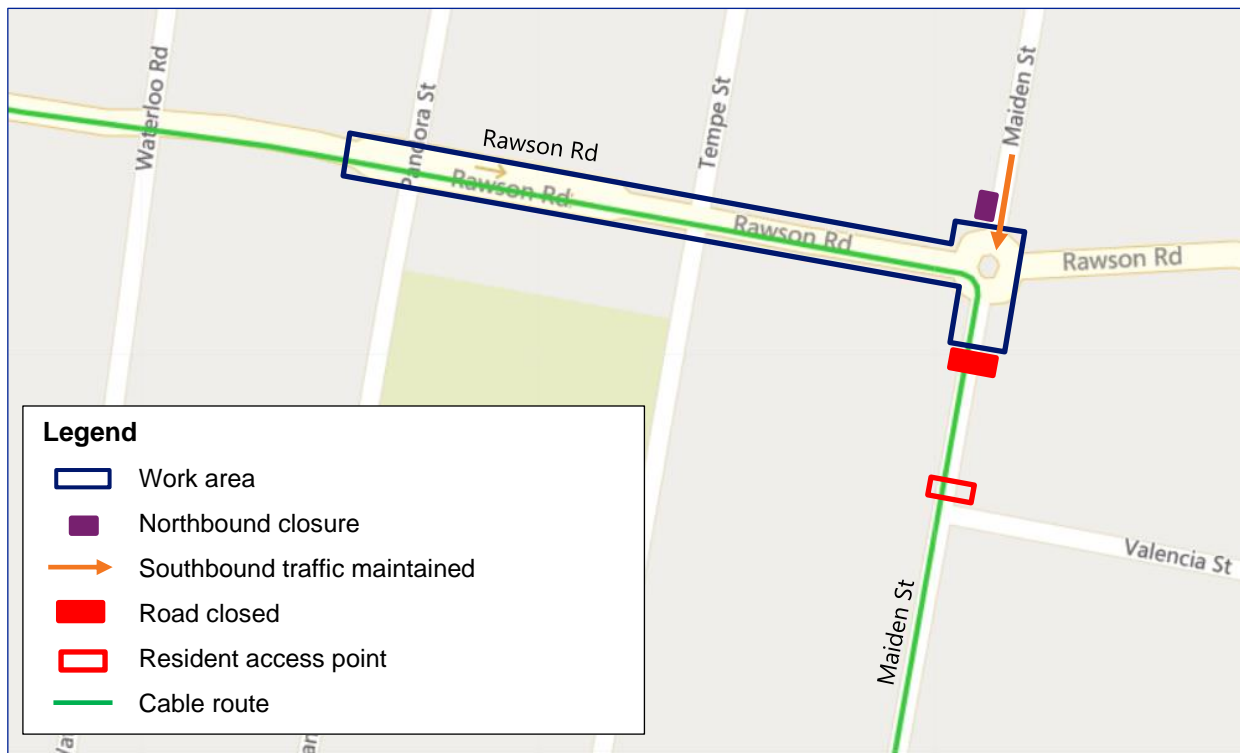

Excavation will also involve:

- > Excavating the ground around the cable pulling pit using a road saw and excavator.
- > Checking recently installed conduits using CCTV equipment.
- > Covering the road with steel plates where required to maintain traffic flow.
- > Temporarily restoring the road surface to allow normal traffic flow.

Permanent restoration will also involve:

- > Restoring the roundabout, speed humps and the traffic Islands to their existing condition.
- > Line marking the road where required.

## Location of work

## Contact us

If you have any questions or concerns, please contact the Powering Sydney's Future project team on 1800 955 588 or at [psf@transgrid.com.au](mailto:psf@transgrid.com.au).

131 450

For an interpreter please call **131 450** and ask them to call TransGrid on **1800 955 588**. The interpreter will then assist you with translation.
