

Powering Sydney's Future

Potts Hill to Alexandria Transmission Cable Project
Community Notification

October 2021

Work update for Charles Street, Marrickville

Transgrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable energy supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

This letter is to let you know that work in Charles Street, Marrickville, has been delayed because associated work on Sydenham Road is yet to be completed. We apologise for the delay.

The remaining work in Charles Street is now expected to be completed in November 2021. We will send you another notification to let you know when the work will begin. Thank you for your patience, we will complete the work as soon as possible.

Contact us

If you have any questions or concerns, please contact the Powering Sydney's Future project team on 1800 955 588 or at psf@transgrid.com.au.

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

Transgrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.
