

Powering Sydney's Future

POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

Out-of-hours trenching work at Juno Parade, Greenacre

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable electricity supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

Out-of-hours trenching work at **Juno Parade, Greenacre** will start from **Monday, 9 November 2020**. This work needs to be completed at night due to high daytime traffic volumes.

Trenching is expected to progress at around 20 metres per shift, weather and ground conditions permitting. Work will take approximately 10 shifts to complete.

Work activities

- > Delivering plant and equipment to site.
- > Limited tree trimming may be required to create a safe distance from plant and equipment. This work will be done by a trained arborist.
- > Cutting the road surface with a concrete saw.
- > Digging a trench about two metres wide using an excavator.
- > Installing conduits (pipes) in the trench.
- > Backfilling the trench and covering it with steel plates.
- > Temporarily restoring the road surface to allow normal traffic flow.

Our team will return to permanently restore the road at a later date after the new cable has been installed. We will write to you again before this work.

Work hours

Out-of-hours work will be carried out from **7pm – 5am, Monday to Sunday**.

How will the work affect you?

- > **Maiden Street and Acacia Avenue will be temporarily closed** to through traffic during the work. Traffic detours and traffic control will be in place for the safety of workers and road users. Maiden Street and Acacia Avenue will remain open to local residents under traffic control.
- > The work will generate some noise, which we will make every effort to keep to a minimum. We aim to undertake high impact noise activities before midnight wherever possible. Work will take place on no more than four consecutive nights.
- > There will be a temporary loss of street parking of around 100 metres while trenching is in progress.
- > Road users may experience temporary delays in accessing local properties.
- > There may be temporary closures of footpaths and cycleways, however we will always provide an alternative route.
- > If we anticipate that your driveway access may be disrupted, we will inform you in advance and discuss arrangements.

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

TransGrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific access protocols at our work sites.

For an interpreter please call **131 450** and ask them to call TransGrid on **1800 955 588**. The interpreter will then assist you with translation.
