

# Powering Sydney's Future

Potts Hill to Alexandria Transmission Cable Project  
Community Notification

November 2021

## Work update for Charles Street, Marrickville

---

Transgrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable energy supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at [www.transgrid.com.au/psf](http://www.transgrid.com.au/psf).

As you will probably be aware, Transgrid has completed a number of work activities at Charles Street, Marrickville. We thank you for your patience during our work in your area so far. The next stage of work involves inspecting the conduits we have already installed.

Work will start from **Monday 29 November 2021** and will take around three days to complete, weather and ground conditions permitting. Please refer to the map overleaf for the location of the work.

### Work activities

- > Installing temporary fencing and safety barriers.
- > Delivering plant and equipment to site.
- > Trimming trees to create a safe distance from plant and equipment (directed by a qualified arborist).
- > Re-opening the joint bay.
- > Using a pump/vacuum truck to remove water as required.
- > Checking recently installed conduits using CCTV equipment.
- > Covering any excavated sections of road with steel plates where required to maintain traffic flow.
- > Backfilling and temporarily restoring the road surface to allow normal traffic flow.

The road surface will be permanently restored at a later stage in consultation with Inner West Council. You will be receive further information before this work is done.

### Work hours

Work hours are 7am to 6pm Monday to Friday and 8am to 1pm on Saturdays.

### How will the work affect you?

At times, Charles Street will be closed to through traffic between Amy Street and Illawarra Road. Access for residents will be maintained.

Some work activities will be noisy but we will make every effort to keep noise to a minimum.

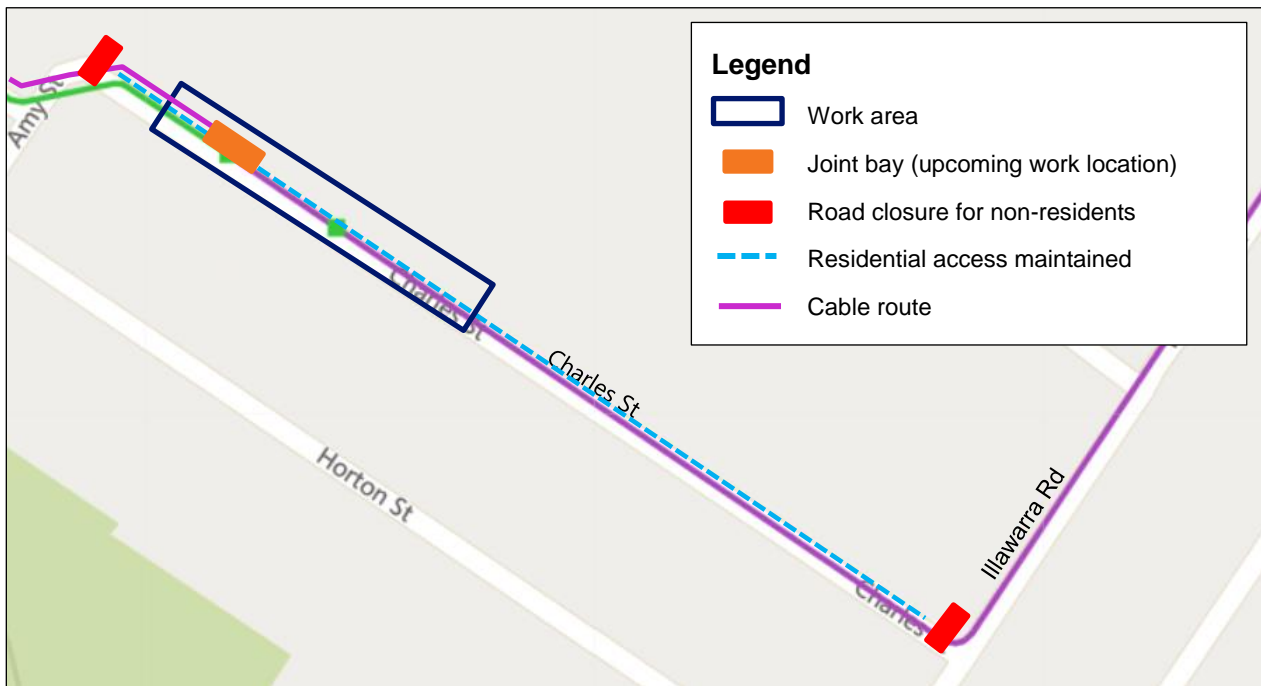

There will be a temporary loss of street parking. We will endeavour to maximise street parking where possible.

An alternative route will be provided if any diversions or closures of pedestrian pathways are required.

Residents and businesses may experience short delays to access properties.

Driveway access will be maintained where possible. If we anticipate that access will be disrupted for an extended period, we will inform you in advance.

## Location of work

## Contact us

If you have any questions or concerns, please contact the Powering Sydney's Future project team on 1800 955 588 or at [psf@transgrid.com.au](mailto:psf@transgrid.com.au).

### COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

Transgrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.

For an interpreter please call **131 450** and ask them to call TransGrid on **1800 955 588**. The interpreter will then assist you with translation.
