

Required Approvals

The Applicant is required to secure all development approvals required for the IUSA to be constructed and operated for the expected life of the Connection Agreement. This may include but is not limited to:

- Development consent under the Environmental Planning & Assessment Act 1979
- Any necessary local government planning and development consents or approvals

Refer also to the Environmental Approval (Generic) item that has also been published on TransGrid's website.

TransGrid publishes this information under clause 5.2A.5 of the National Electricity Rules.
