

# Tarcutta Men's Shed Club Room

## Tarcutta Mens Shed

Wagga Wagga City Council

Funding requested: \$340,775.09

**Summary:** After many years of temporary sites, Tarcutta Men's shed has relocated to its own permanent site for members to gather. This site currently only has a five bay workshop shed, with no club room or amenities. The project involves build a clubhouse including amenities and kitchenette on site.

**Community value:** Tarcutta Men's Shed has been running since 2010 but has never had a place of its own. The committee has worked hard to secure its own piece of land with a suitable work shed. All remaining is a clubroom and amenities block to complete the Men's Shed Tarcutta Home. There is also a vision to extend the Men's Shed to travellers who are members of other Men's Sheds by opening the facility for them to use as a low-cost caravan camping area. This will foster friendship and networking amongst greater Men's Shed members. By offering low-cost camping to the wider Men's Shed network it will bring tourists to the village and this will positively contribute to the community's economy.
