Temporary closure of Wondalga Road, Kunama

REF: HLW-107

HumeLink is one of Australia's largest energy infrastructure projects connecting renewable energy sources to the grid and helping to put downward pressure on energy prices. The project consists of 365 kilometres of 500 kV overhead transmission lines connecting Wagga Wagga, Bannaby and Maragle and is being delivered in two sections. The section between Wagga Wagga, Maragle and Wondalga is being constructed by UGL Engineering and CPB Contractors, working in joint venture as the HumeLink West JV.

Temporary closure of Wondalga Road, Kunama

HumeLink West are planning to carry out stringing of the transmission line across Wondalga Road (Broadleaf Park Road), Kunama in early 2027. This work will require a full closure of Wondalga Road between Green Hills Access Road and Lower Bago Road for four to five weeks.

The full closure of Wondalga Road has been selected instead of multiple daily 15-minute road closures over 14 to 16 weeks, to better maintain traffic flow and safety.

During the closure, a section of Lower Bago Road will be restricted to one-way westbound for motorists.

Dates of the road closure are still being confirmed. We will notify you closer to the planned dates.

The planned detour route during the closure is:

Southbound (towards Tumbarumba)

- Green Hills Access Road and Batlow Road – all vehicles
- Lower Bago Road one-way westbound – all vehicles

Northbound (towards Wondalga)

- Carrs Road and Sailor Road one-way eastbound – light vehicles only
- Lochinvar Feeder Road – heavy vehicles
- Tumbarumba Road and Batlow Road – motorcycles

Please see over the page for a map of the detour routes.

Traffic control

Variable message signs will be in place to provide advance notice of the road closure and guide motorists.

Traffic control to manage the detour and closure will include temporary variable message signs, detour signage and speed reductions.

Keeping you informed

We'll continue to keep you updated about the project and let you know of any work we're planning which might impact you. If you have any questions about the project or want to provide feedback, please contact our Community and Stakeholder Engagement team on 1800 317 367 or humelink@transgrid.com.au.

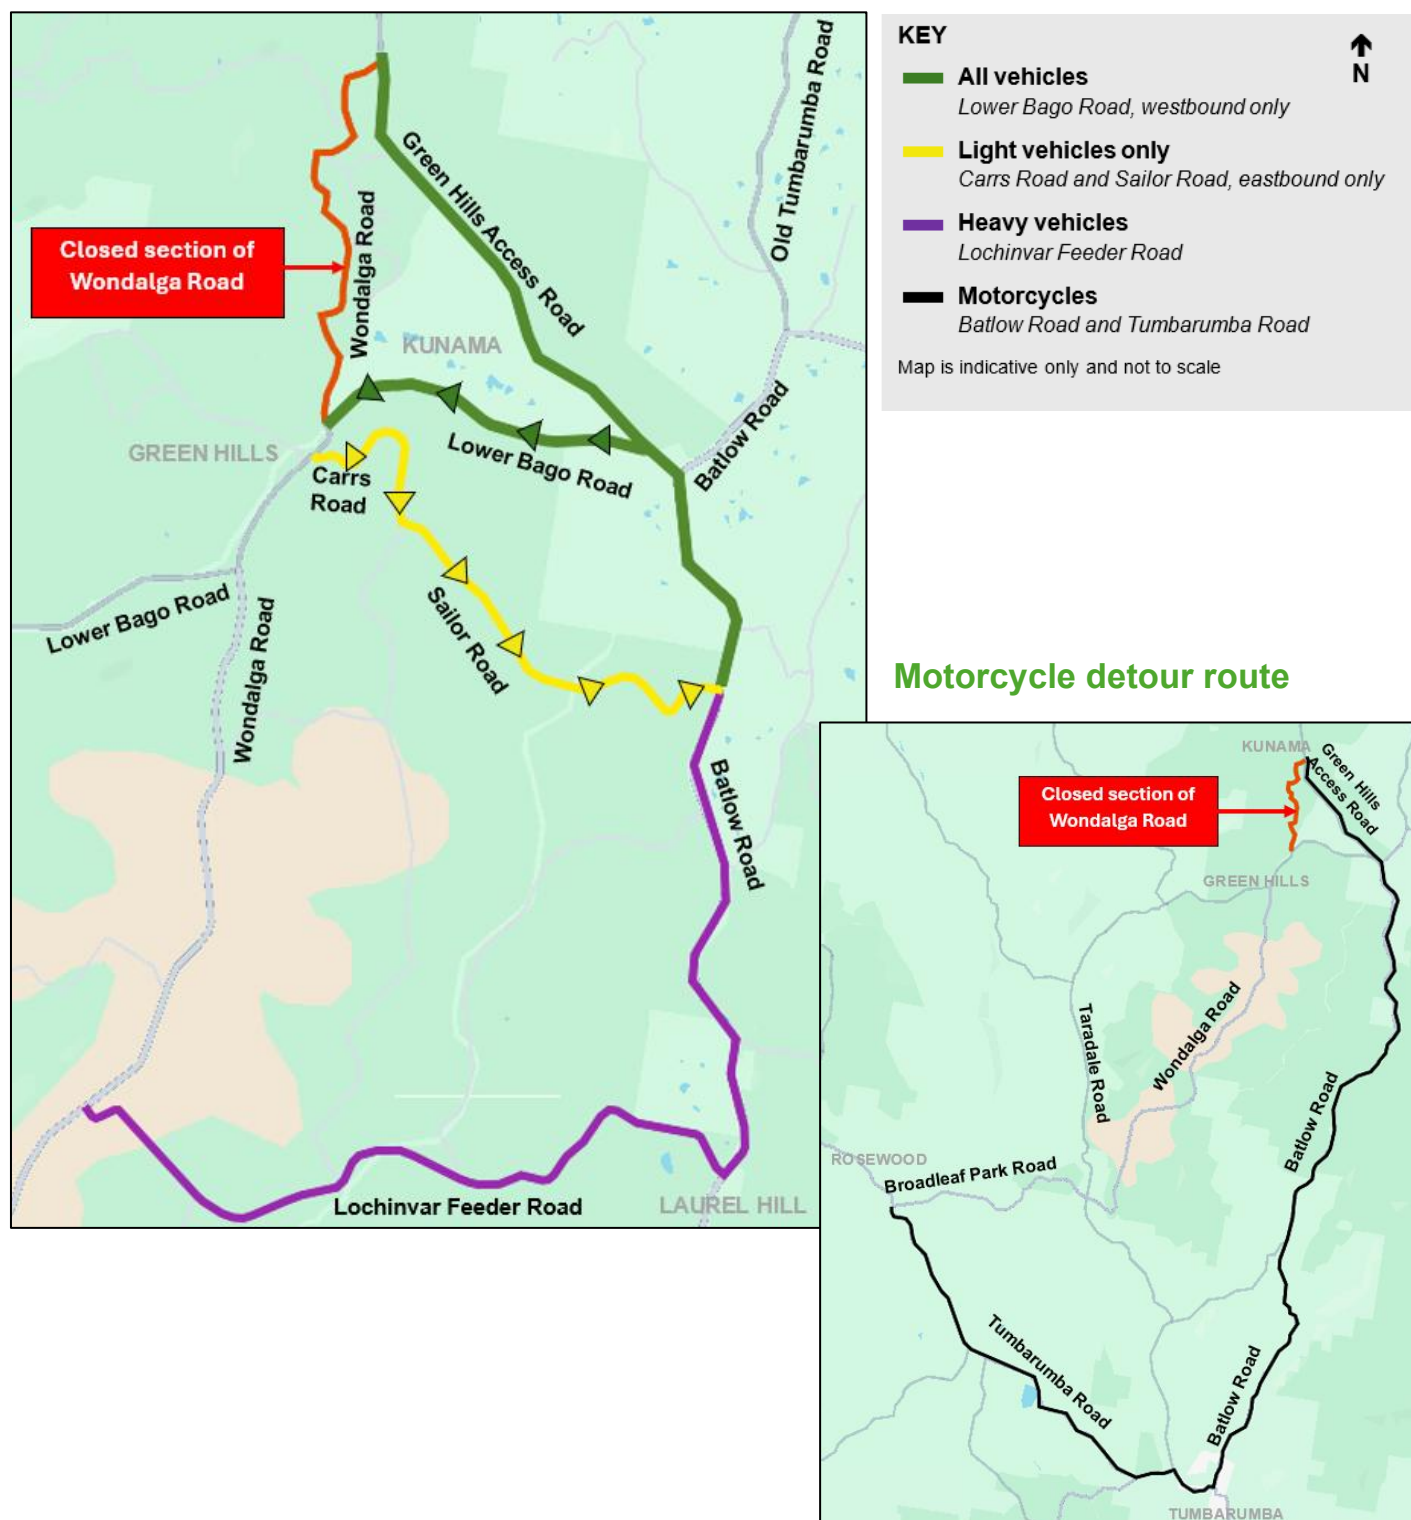

You can also visit us at the Snowy Valleys Resilience Hub, 37 Pioneer Street Batlow, open Monday to Friday, from 9am to 5pm.

Stay up to date with our work

Please head to transgrid.com.au/HumeLink or scan the QR code to subscribe to regular updates, and for more information on the project.
