Subject: HumeLink – HumeLink East Request for additional OSOM construction route

Dear Mr Roberts

I refer to your request for the Planning Secretary's agreement to an additional construction route for heavy vehicles requiring escort (oversize and/or overmass (OSOM)) on HumeLink East under Condition B34 of the approval for the HumeLink project (SSI-36656827; Approval). I also acknowledge your response to the Department's request for additional information.

I note the additional route requested:

- has been determined in consultation with Transport for NSW, Upper Lachlan Shire Council and Goulburn Mulwaree Council;
- includes the additional roads Sydney Road, Lagoon Street and Upper Sterne Street, with all other roads identified for OSOM movements in the Approval;
- would not result in the need for any additional road treatment, road upgrade or potential impacts (including biodiversity and heritage);
- includes additional consultation with identified stakeholders along the additional roads impacted by the proposed OSOM movements; and
- proposes only four OSOM movements, and that the additional roads are not proposed to be used for any other project-related purposes.

Accordingly, as nominee of the Planning Secretary and in accordance with Condition B34 of the Approval, I agree to the additional construction route requested for heavy vehicles requiring escort as described in your request and subsequent RFI response received 9 April 2026. The agreed construction route for heavy vehicles requiring escort is detailed in the **Appendix** to this letter.

Please ensure you make this letter publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Thomas Minchin, Team Leader Transmission Post Approval.

Yours sincerely

A handwritten signature in black ink, appearing to be "REBECCA EDDINGTON".

Rebecca Eddington

Director Transmission Post Approval

As nominee of the Planning Secretary

Appendix

Additional construction route for heavy vehicles requiring escort associated with the development
