

Powering Sydney's Future

POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

Trenching and permanent restoration work at Roslyn Street and King Street, Ashbury

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable electricity supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

Trenching on **Roslyn Street and King Street, Ashbury** will start from **Tuesday 6 April 2021**. As a part of this work, certain sections of the street will also be permanently restored. This work is expected to take around one week to complete, weather and ground conditions permitting. Please refer to the map overleaf for the location of the work site.

Work activities

- > Delivering plant and equipment to site.
- > Trimming trees to create a safe distance from plant and equipment (conducted by a trained arborist).
- > Cutting the road surface with a concrete saw.
- > Digging a trench about two metres wide using an excavator.
- > Installing conduits (pipes) into the trench.
- > Using a dewatering pump/vacuum truck as required.
- > Backfilling the trench and temporary restoring the road.
- > Permanent restoration of the median islands.

Work hours

Standard work hours are **7am – 6pm, Monday to Saturday**.

How will the work affect you?

- > **Roslyn Street and First Street** will be temporarily closed to through traffic during the work. Traffic detours and traffic control will be in place for the safety of workers and road users.
- > **Roslyn Street and First Street** will remain open to local residents under traffic control.
- > The work will be noisy at times, but we will make every effort to keep noise to a minimum.
- > There will be a temporary loss of street parking of around 70 metres while trenching is in progress.
- > There may be temporary closures of footpaths but we will provide an alternative route.
- > Road users may experience short delays in accessing local properties.
- > If we expect your driveway access will be disrupted, we will inform you in advance and discuss arrangements.

Location of trenching work

What's next

Following this work, we will return at a later stage to permanently restore the remainder of the affected road surface. Road resurfacing work will be scheduled for late 2021, after all work in Ashbury is complete and the cable is installed and tested.

There will be work continuing in other areas of Ashbury until late June 2021. We will keep you advised of these work activities if you are expected to be impacted by the work.

Contact us

If you have any questions or concerns, please contact the Powering Sydney's Future project team on 1800 955 588 or at psf@transgrid.com.au.

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

TransGrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.

For an interpreter please call **131 450** and ask them to call TransGrid on **1800 955 588**. The interpreter will then assist you with translation.
