

Powering Sydney's Future

POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

Trenching on Harmony Street, Ashbury

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable electricity supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

Thank you for your patience during our work so far. The bore beneath Cooks River and Lees Park is expected to be completed by mid-June 2021. This bore has taken longer than expected because of difficult ground conditions.

From **Monday 7 June 2021**, we will start trenching on **Harmony Street** between Hay Street and Crieff Street. This work is expected to progress at around 12 metres per day, weather and ground conditions permitting. Please refer to the map overleaf for the location of the work site.

Work activities

- > Delivering plant and equipment to site.
- > Trimming trees to create a safe distance from plant and equipment (directed by a qualified arborist).
- > Cutting the road surface with a concrete saw.
- > Digging a trench about two metres wide using an excavator.
- > Installing conduits (pipes) into the trench.
- > Using a pump/vacuum truck to remove water as required.
- > Backfilling the trench and covering it with steel plates.
- > Temporarily restoring the road surface to allow normal traffic flow.

Work hours

Standard work hours are **7am – 6pm, Monday to Friday** and **8am – 1pm on Saturday**.

How will the work affect you?

- > **Harmony Street and Hay Street** will remain open to residents under traffic control.
- > **Sections of Harmony Street and Hay Street** will be temporarily closed to through traffic during the work.
- > The work will be noisy at times, but we will make every effort to keep noise to a minimum.
- > There will be a temporary loss of street parking while the work is in progress.
- > There may be temporary closures of footpaths, but we will provide an alternative route for pedestrians.
- > Residents may experience short delays to access properties.
- > Driveway access will be maintained where possible. If we expect your driveway access will be disrupted for an extended period, we will inform you in advance.

Location of work

What's next

We expect to be working on Harmony Street until July 2021. Following trenching and underboring work, we will continue with installing and joining cables at the joint bay, installing a second joint bay and some minor ancillary pits, as well as temporarily restoring the road surface. We will keep you advised of these activities.

Once all work is complete in the area and the cable is installed and tested, we will permanently restore the road surface.

Contact us

If you have any questions or concerns, please contact the Powering Sydney's Future project team on 1800 955 588 or at psf@transgrid.com.au.

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

TransGrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.

For an interpreter please call **131 450** and ask them to call TransGrid on **1800 955 588**. The interpreter will then assist you with translation.
