

Work Notification | August 2025

Traffic changes in Broadway

HumeLink is one of NSW largest energy infrastructure projects, with about 365 km of new 500vK transmission line which will connect Wagga Wagga, Bannaby and Maragle. The eastern portion between the existing Bannaby substation and Wondalga is being delivered by Acciona Construction Australia Pty Ltd and Genus Infrastructure (NSW) Pty Ltd in a joint venture as AG JV HumeLink East.

Traffic changes on Greendale Road, Broadway

To help deliver the project, we will be doing work to upgrade part of Greendale Road in Broadway. This will include traffic control. The work will get underway in **mid to late August 2025** and is expected to take approximately **four weeks**.

What to expect

- **Traffic control** will be in place as works occur during daylight hours
- One lane will be closed to replace a culvert and widen and rebuild part of the road
- We will be working on a 300-metre-long section of the road.

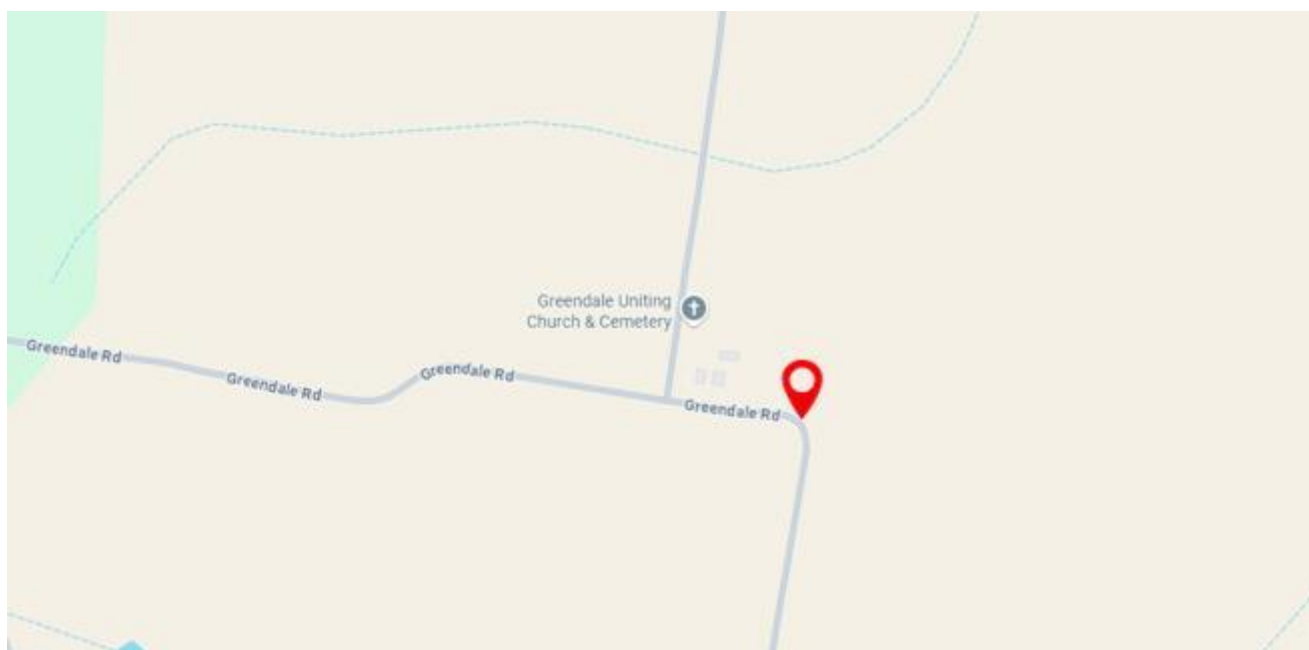

When we will be working

Construction works will take place during daylight hours:

- **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**
- If work is required outside the above hours, we will contact all impacted landowners beforehand.

Where we are working

This construction work is happening on the corner close to the Greendale Uniting Church and Cemetery.

Map of the work area in Broadway

Traffic and Environment

Traffic impacts for the public are expected to be minimal, but you may notice:

- additional signage over the next three months from June 2025
- additional vehicle movements.

Keeping you informed

We'll continue to keep you updated about the project and let you know of any work we're planning which might impact you.

If you have questions or concerns about any of the above, please contact our Community and Stakeholder Engagement team on **1800 317 367** or by emailing humelink@transgrid.com.au

Stay up to date with our work
