

Work Notification | November 2025

Steel deliveries begin near Adjungbilly

HumeLink is one of NSW largest energy infrastructure projects, with about 365 kilometres of new 500Kv transmission line which will connect Wagga Wagga, Bannaby and Maragle. The eastern portion between the existing Bannaby substation and Wondalga is being delivered by Acciona Construction Australia Pty Ltd and Genus Infrastructure (NSW) Pty Ltd in a joint venture as AG JV HumeLink East.

Tower steel deliveries in the Adjungbilly area

Convoys of heavy vehicles will begin delivering steel shipments of steel components of transmission towers for the HumeLink East project from **late November 2025**. We are also continuing work to construct access points and tracks and foundations along the project alignment.

What to expect

During construction, there will be increased heavy vehicle and semi-trailer movements as steel components are delivered to site so towers can be assembled and erected. The first steel deliveries will be taking place from **19 November to 4 December** near Adjungbilly, close to the HumeLink East worker accommodation facility.

B-double trucks with two trailers will travel from Sydney to the Adjungbilly worker accommodation facility on Gobarralong Adjungbilly Road, where individual trailers will be transferred to be delivered to tower site locations. Up to eight trailers of steel will then be delivered across different sites each day.

- **Work hours:** construction works take place during daylight hours:
 - 7am to 6pm Monday to Friday and 8am to 1pm on Saturdays.
 - truck deliveries to and from Adjungbilly will take place between 7am and 5:30pm
 - if nightwork or out-of-hours work is required, we will contact all impacted landowners beforehand.

Traffic and Environment

- **Additional vehicle movements:** The table below sets out the roads that will be used for steel deliveries.

Gundagai	Hume Highway - Coolac to Gundagai
South Gundagai	Cross Street, Eagle Street, Gocup Road
Coolac	Muttama Road, Gobarralong Road, Coleman Street, Main Street
Adjungbilly/ Gobarralong	Maryvale Road, Nanangroe Road, Parsons Creek Road, Gobarralong Adjungbilly Road, Red Hill Road, Honeysuckle Road, Sawmill Creek Road, Red Strip Road
Adjungbilly/Tumorrana	Billapaloola Road
Wyangle/Bombowlee	Bombowlee Creek Road, Wee Jasper Road
Tumut/Gocup	Snowy Mountains Highway, Gocup Road

- **Noise:** We will do everything we can to minimise any noise impacts such as turning off equipment and vehicles when they are not being used.

Upcoming construction activities

Once the steel has been delivered to site, teams will then begin work to assemble and erect the transmission towers. The first towers will be erected close to the HumeLink East worker accommodation facility on Gobarralong Adjungbilly Road. This work will begin from late November 2025.

- **Construction activity** in the area will include:
 - the use of excavators and heavy machinery for earthmoving and clearing
 - machinery and equipment will generate dust, noise and vibration
 - excavation with piling rigs to drill and prepare tower foundations
 - concrete work and pouring to prepare tower foundations
 - large cranes will be used to assemble and lift tower sections
 - trucks delivering equipment and materials
 - ongoing surveys and monitoring of biodiversity, heritage, noise, dust and vegetation including aerial surveys by drone.

All work will be carried out in line with the project [Conditions of Approval](#) available on the NSW Government [Major Projects website](#) planning portal.

Register to receive SMS Alerts

To help keep you informed on what is happening in your area, we're offering the option to register for SMS Alerts to receive project updates and assist you with your journey planning. Scan the QR code to opt-in.

By opting in, you consent to the HumeLink East project delivery partners using your details to provide you with project updates and information related to the project.

Keeping you informed

We'll continue to keep you updated about the project and let you know of any work we're planning which might impact you.

If you have questions or concerns about any of the above, please contact our Community and Stakeholder Engagement team on **1800 317 367** or by emailing humelink@transgrid.com.au

Stay up to date with our work
