

Work Notification | November 2025

HumeLink East traffic movements

HumeLink is one of NSW's largest energy infrastructure projects, with about 365 km of new 500vK transmission line connecting Wagga Wagga, Bannaby and Maragle. The eastern portion between the existing Bannaby substation and Wondalga is being delivered by Acciona Construction Australia Pty Ltd and Genus Infrastructure (NSW) Pty Ltd in a joint venture as AG JV HumeLink East.

HumeLink East traffic movements

Main construction of HumeLink East is now underway which means deliveries of material and equipment will be increasing. In coming weeks, work will begin to assemble and erect more than 460 towers which will support the new transmission line. We are also continuing work on access points and tracks.

As construction activity increases, there will be more HumeLink East vehicles, large and small, traveling along local roads and near construction sites.

There will be **increased truck movements** on

- Taralga Road
- Bannaby Road
- Childowla Road
- Bango Lane
- Bannister Lane
- Rye Park Road
- Flacknell Creek Road
- Black Range Road
- Gobarralong /Adjungbilly Road
- Red Hill Road
- Nanangroe Road

What to expect

Deliveries of tower structures, concrete and lifting equipment will ramp up from **November 2025**. There will be an increased number of project vehicles on local roads. You may see an increase in:

- trucks transporting gravel, cement, water and materials
- over-sized and over-mass transport vehicles
- B-doubles, semi-trailers, truck and trailers
- water carts and light vehicles.

Work hours:

Construction works take place during daylight hours:

- 7am to 6pm Monday to Friday and 8am to 1pm on Saturdays.
- If out of hours work is required, we will contact all impacted landowners beforehand.
