

Modification Enquiry Checklist – Stage 1

Purpose of this Checklist

Fully completing this checklist will provide TransGrid with sufficient information to commence the Enquiry stage of your project, which is the first step in achieving a modification to TransGrid's network.

Please provide as much information as possible to avoid the need for TransGrid to request additional information which may delay the modification process.

Project Name: _____

ITEM	REQUIRED INFORMATION
1.	Please describe the modification to TransGrid's network that you are seeking e.g. diversion of 330kV line number "X" 3km around mine site.
2.	<p>Where are you proposing the modification? What sections of TransGrid's transmission line are you seeking to modify? When do you require this modification to be completed?</p> <p>Please provide an updated and detailed A3 sized map with site and route clearly labelled (if known). GPS coordinates, Google Earth, dxf or similar are required. Property boundaries, environmental approval project boundaries and land holder information should be included where possible.</p>
3.	Why are you seeking this modification to TransGrid's network? e.g. extending mining activities, building a commercial premises or road modification. Please provide details.
4.	When do you require the modification to be completed?
5.	Name and address of enquirer, and, if relevant, the party for whom the enquirer is acting.

ITEM	REQUIRED INFORMATION
	Should the enquiry be made on behalf of a customer, please provide a letter from that customer outlining their permission to act on their behalf.
6.	<p>Have you familiarised yourself with the possible implications of the Electricity Transmission Service Target Performance Incentive Scheme?</p> <p><input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>Full details can be found on the AER website www.aer.gov.au and TransGrid provides a summary of how we apply it on www.transgrid.com.au</p>
7.	Where possible, please provide a flood plan detailing the level of a one in a hundred year flood event.

Thank you for taking the time to complete this form. If all relevant information has been supplied, TransGrid will provide you with a formal written response, called a Network Modification Enquiry Response, within 20 business days of receipt of your enquiry.
